Activities that Both Occupations Have in Common		Similarity of Focus Occupation to Associated Occupation: 100
Focus Occupation: Pediatricians, General (29-1065) Associated Occupation: Family and General Practitioners (29-1062)		
Work Activities	Exclusivity of Activity	
Administer anesthetics	77	
Administer injections	60	
Administer medications or treatments	46	
Analyze medical data	57	
Analyze patient activity	73	

Calculate medical dosages	77
Collect clinical data	56
Communicate technical information	4
Conduct complete physical examinations	85
Conduct medical tests	80
Conduct patient assessments	69
Counsel patients concerning diet	81
Diagnose medical condition of patient	82
Diagnose or treat oral injuries	85
Document medical prognosis	77
Draw blood	74
Follow confidentiality procedures	58
Follow dental or medical office procedures	68
Follow examining room procedures	84
Follow infectious materials procedures	52
Follow institutional care procedures	80
Follow life support procedures	81
Follow operating room procedures	84
Follow patient care procedures	60
Follow surgical procedures	81
Identify body response variations	57
Interpret medical laboratory test results	72
Interpret x-rays	76
Make decisions	24
Make presentations on health or medical issues	50
Observe patient condition	48
Obtain information from clients, customers, or patients	40
Order medical laboratory tests	76
Perform minor surgery	82
Perform noninvasive medical diagnostic techniques	92
Prepare patient reports	66
Prepare reports for management	72
Prepare required government reports	78
Prescribe or recommend drugs, medical devices or other forms of treatment	76
Recognize childhood diseases	78
Recognize physical or emotional abuse	68
Record medical history or data	68
Refer patients to community resources	84
Take vital signs	56
Treat medical condition of patient	75
Understand properties or composition of drugs	64
Understand technical operating, service or repair manuals	6
Use clinical problem solving techniques	69
Use counseling techniques	60
Use emergency medical procedures	64
Use emergency medical treatment procedures	76
Use grief counseling techniques	76
Use interpersonal communication techniques	10

Use knowledge of investigation techniques	16
Use knowledge of medical terminology	40
Use medical diagnostic techniques	71
Use medical equipment in direct patient care	75
Use psychological treatment techniques	92
Use research methodology procedures in health care	63
Use sanitation practices in health care settings	48
Write technical health or medical documents	73

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

## Tools and Technologies that Both Occupations Have in Common

Similarity of Focus  
Occupation to Associated  
Occupation: 94

**Focus Occupation: Pediatricians, General (29-1065)**  
**Associated Occupation: Family and General Practitioners (29-1062)**

Tools and Technologies	Exclusivity
Acute care monitoring units and related products	22
Blood pressure units and related products	11
Casting and splinting supplies	25
Computers	1
Data management and query software	1
Ear nose and throat ENT treatment products and accessories	62
Electrocardiography EKG units and related products	20
Emergency medical services resuscitation products	15
Floor grade instruments	30
Hearing testing products	31
Industry specific software	1
Information exchange software	1
Intravenous and arterial tubing and administration sets and related products	22
Intubation supplies	21
Medical gloves and accessories	19
Medical staff clothing and related articles	17
Medical suction and vacuum products	33
Medical ultrasound and doppler and echo imaging products	19
Medical weight scales	35
Network applications software	1
Neurological exam products	30
Ophthalmic diagnostic exam products	27
Orthopedic softgoods for upper extremity and torso	35
Oxygen therapy delivery systems and devices	13
Patient beds and accessories	30
Patient point of care testing supplies and equipment	23
Pulmonary function testing and treatment products	24
Pulse oximeters	18

Resuscitation supplies	29
Scopes and specula and accessories for medical exam diagnostic use	23
Specimen collection and transport containers and supplies	14
Stethoscopes and related products	14
Surgical clamps and forceps and surgical ligators and related instruments	29
Surgical cutting instruments and snares and related products	24
Suture and related products	23
Syringes and accessories	14
Vascular imaging and interventional cardiology and cardiac catheterization lab products	40

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
